

With a wellness plan you are eligible for

eQCO

By
Platinum Performance

The Power of Preventive Medicine

Research has shown that veterinary preventive care--including proper nutrition, strategic de-worming, proper dental care and vaccine titers, can improve a horse's long-term wellness and influence the rate of serious medical conditions, such as colic.

eQCO Coverage combines our wellness services with the right nutrition for a healthier horse and added peace of mind. In the event that an enrolled and eligible horse requires colic surgery, eQCO provides two levels of coverage for up to \$10,000 in colic surgery reimbursement.

Keeping Your Horse Healthy is
Rewarding

Earn eQCO PayPoints by purchasing Platinum Performance products and use toward future Platinum Performance purchases or toward the cost of our wellness services.

WELLNESS PLAN OVERVIEW

All of your horses need regular veterinary care to ensure optimal health and quality of life. Our wellness plans feature budget-friendly monthly payments — making it easy to manage your horses' healthcare costs, and allow timely treatment.

Prevention is the key to better health!

Thanks to advances in veterinary medicine, horses are living longer than ever before.

Consistent preventive medicine improves both your and your horse's wellbeing and keeps everyone performing at their best. It's essential to detect issues early, before they become more serious, and more expensive.

Integrative care can help set the foundation for a lifetime of good health. It can improve performance, and maintain physical and emotional balance, so you and your horse can spend more quality years together.
